**13. BEHAVIOUR OF MEMBERS AND SPECTATORS**

All members of the Association and spectators attending games and/or events controlled by HDNA or representing our Association, are required to conduct themselves within the spirit of the game and adhere to the appropriate policies and Code of Behaviour relevant to their particular circumstance or role. The Codes of Behaviour are contained in Part A of the Member Protection Policy and are available for viewing on the HDNA website.

Clubs/Teams are directly responsible for the control and conduct of their spectators, players, and Club officials, which includes coaches, managers, and umpires. Clubs must therefore ensure that

their members and spectators show respect for umpire decisions, and for all players and officials. They should also be clear that spectators are not permitted to call play or position.

Where an Association member or a spectator is reported for a breach of the expected standards and conditions outlined in the Code of Behaviour, action may be taken in accordance with either these By-Laws, applicable policies, or the Member Protection Policy.

Intimidation, verbal abuse or harassment of umpires and officials by spectators or players will not be tolerated under any circumstances, and the team responsible may be penalised by the umpire or officials as appropriate during the game. Such incidents should be immediately brought to notice of the club or team officials for relevant action and, depending on the nature of the activity, may also be reported to an association official for consideration of further appropriate action and/or referral to the Executive Committee for disciplinary action.

The appropriate action to be taken will be decided by the Executive Committee or their nominated representative/s. Less serious conduct will be managed between the club/team and the association, while serious misconduct or formal complaints of misconduct will result in action as outlined in the complaint management processes documented in the relevant policy and Member Protection Policy. Where matters are of a serious nature, the Executive Committee will generally convene an independent panel to consider the matter in accordance with the applicable policies.

In general, for the first incident involving spectator(s), player(s), or Club official(s) or for those matters deemed less serious, the appropriate action for the Executive Committee may be for the Club/team to be sent a letter of warning or enquiry. It would be expected that clubs/teams will take their own action regarding the offender/s. Any subsequent incidents would likely result in formal action and penalties being imposed particularly if the same person(s) re-offends.

## **14. PROTESTS/ DISPUTES AND APPEALS**

### **14.1 Protests or Disputes**

A protest or dispute is generally considered to be a statement or action that expresses disapproval, of or objection to, a decision that has been made or action taken. Examples could include:

- An incident, action or official's decision that impacted the score or outcome of a game;
- Teams alleging opponents are not complying with the Rules of Play and seeking an advantage;
- Disagreement with officials' decisions regarding interpretation of the Rules of Play (e.g. needing 5 registered players on-court at all times) that impacted results;
- Disagreement with penalties imposed for non-compliance with the rules (e.g. loss of point or forfeit).

All protests must be lodged in writing to the Executive Committee or Competition Convenor for consideration within 48 hours of the game being completed. It would be expected that club executive or officials would be party to the protest lodgement by a team.

The Executive Committee or their nominated representative will consider and deal with all protests, and consider the matters raised in conjunction with the By-Laws and rules of the game. Where possible, Clubs/teams will be notified of the outcome in relation to the protest prior to the next round of fixtures, or within 7 days of the protest being lodged.

Once the Executive Committee or their nominated representative has determined a protest and advised of the outcome, no further appeal can be made unless the club lodging the protest can provide NEW evidence that has not previously been considered. In such circumstances the new evidence must be provided to the HDNA Secretary from the Secretary/President of the Club concerned within 48 hours of notification of the outcome of the original protest decision.

The new evidence will be considered in conjunction with all other information presented to make the original decision and will take the form of an appeal.

#### **14.2 Appeals**

Appeals would generally occur as a result of additional evidence being presented following the outcome of a protest or dispute (see 14.1 above) or because of disagreement with a sanction or disciplinary measures imposed on an individual or club.

In the case of disciplinary disputes, the appeal must be lodged within 48 hours of the sanction or penalty being notified and should state the grounds of the appeal (e.g. the penalty is unjustly harsh or onerous). No sanction or penalty will be imposed until the outcome of the appeal is known and therefore where possible appeals, or hearings related to appeals, should be held prior to the next game fixture.

Where an appeal has been lodged, the Executive Committee will convene an independent panel or tribunal to consider the matter and determine in accordance with internal procedures, how the appeal should be addressed and who should appear before it. The panel/tribunal will review all the evidence before it, and either confirm the original decision, vary the decision that was previously made, or set the original decision aside.

Where appropriate the respondent or alleged offender is permitted to remain in the hearing while the evidence is presented against them.

Where a person under the age of 18 years is called before the panel, that person's parent(s) or guardian(s) is permitted to attend with the person.

Where an appeal panel/tribunal determines that a respondent appearing before the panel is to be suspended from playing and/or attending any competition matches and/or is to be fined, the decision of the panel should be conveyed to the person(s) immediately on completion of the hearing. The panel/tribunal does not hold the power to make a decision that a respondent should

be banned from all fixtures or premises, or have their membership cancelled. Such decisions will only be made by the Executive Committee, based on the recommendation of the panel/tribunal.

All decisions of the appeal panel will be notified to parties in writing following a decision being made, and penalties then applied as determined.
